Subject: RE: Questions Regarding Pine View Estates

Chuck,

We, the BIA, have hosted a negotiation meeting for the settlement of the Pineview Estates Subdivision. The subdivision is a residential cluster development on allotment land located in southern Douglas County, Nevada. The next meeting of the parties we are hosting is December 13th. The Regional Realty Officer, Stan Webb, is asking to know if the EPA violations for this subdivision have been resolved. The Indian landowner is seeking a Trust to Fee transaction to resolve the development and one of the questions are the previous EPA violations/complaints. The file is thick with various EPA correspondence and I am unsure of what the concerns/violations or what mitigation steps or plans have been made or approved or accepted. Any guidance you can provide would be gratefully appreciated. If you are not the person I should be talking to, if you would please give me his name I will contact him.

Sincerely,

Daniel Allen, Realty Specialist
